I'm a Software Developer with 5+ years of experience in full-stack web, frontend and backend application development. Proficient in Javascript (React.js, Next.js, Node.js), Typescript, PHP, Python and building RESTful APIs with microservices architecture. Contributed to large-scale projects including the MyTelkomsel app. Possesses strong analytical and problem-solving skills.

PROFESSIONAL EXPERIENCE

Phintraco Consulting • PhinCon

Nov 2023 - June 2025

Backend Developer

- Contributed as a Backend Developer for MyTelkomsel project app.
- Developed and migrated backend services from the MyIndihome application to the MyTelkomsel platform.
- Built RESTful APIs using Node.js following a microservices architecture.
- Collaborated with frontend and other backend teams to ensure seamless service-to-service integration.
- Provided technical support during testing phases (SIT, UAT/FAT/FUT, Pentest, Regression) and the release process.

Elektronik Distribusi Otomatisasi Terkemuka • edot.id

Oct 2021 - Jul 2023

Frontend Developer

- Developed responsive and mobile-friendly user interfaces (UI) for web applications such as eDOT Chat web app.
- Implemented UI/UX designs from Figma into functional code using HTML, CSS (TailwindCSS), React.js and Next.js.
- Integrated third-party APIs (chat, mini games) to enhance functionality.

Platinumetrix Global Inovasi • PGI-Data

Oct 2020 - Oct 2021

Frontend Developer

- Contributed as Frontend Developer for Danone Aqua project.
- Developed and Utilized HTML, SCSS, and React.js to create an interactive user interface that improved user experience.
- Integrated third-party APIs (market share, GIS) to enhance functionality.

Delameta Bilano

Jul 2019 - Oct 2020

Fullstack Developer

- Developed full-stack web and mobile applications such as Toll Information System (TIC) using Node.js, Express.js, React Native, and React.js.
 - Colaborated with hardware teams to access hardware such as camera, disk drive, and sensor.
 - Develop prototypes and proofs-of-concept (PoCs) for new features and products.
-

EDUCATION & CERTIFICATION

Bachelor of Information Technology

2017

Majors: Software Development
STMIK Bumigora Mataram

Bootcamp Fullstack Developer

2019

RUBICAMP

SKILLS
